# Web App Rubric

| | Does not meet expectations | Approaches expectations | Meets expectations | Exceeds expectations |
|---|---|---|---|---|
| **Documentation** | Code is poorly documented. There are little or no comments or they are completely inaccurate. Names are vague and meaningless ("var thing"). Spacing is messy.<br><br>0 points | Code is fairly documented. Spacing might be inconsistent. Comments might be confusing or inaccurate. Variables/functions might have confusing names.<br><br>8 points | Code is mostly well documented. Some bits of code might be unclear. Comments were attempted mostly successfully.<br><br>16 points | Code is very well documented. Everything is well spaced, has meaningful names and is easy to understand.<br><br>20 points |
| **Functionality** | Your product doesn't work. It's confusing, uninteresting, and filled with problems.<br><br>0 points | Your product is not feature complete. It has some problems. It might be a little confusing, but it works.<br><br>4 point | Your product works. It might have some minor bugs. It might not be very intuitive to use.<br><br>8 points | Your product is a rich user-experience. It's engaging, easy to use and bug-free.<br><br>10 points |
| **Appearance** | The website is poorly designed. It doesn't adapt for smaller screens. The color choices and/or font sizes make it hard to read. Images are pixelated.<br><br>0 points | The website looks OK. It doesn't really adapt for smaller screens, or it's just boring. Colors don't go very well together.<br><br>4 points | The website looks great. It might not adapt for all screen sizes or it might have minor cosmetic problems.<br><br>8 points | The website looks beautiful. It adapts for smaller screens. The color palette looks great together. Images are sized well. Font is easy to read.<br><br>10 points |
| **Group Participation** | You were unhelpful to your team. You hardly participated on GitHub. You didn't contribute to another group.<br><br>0 points | You were somewhat helpful to your team. You participated sometimes on GitHub. You didn't contribute to another group.<br><br>4 points | You were helpful to your team. You participated on GitHub regularly. You contributed to one other group.<br><br>8 points | You were an great help to your team: encouraging, productive, and active on GitHub. You contributed to at least one other group's project.<br><br>10 points |

*18 - Spacing is perfect. Multiple HTML elements have the same ID (bad). CSS could be neater. Rather than assign the same bg to multiple things separately, do it once: #thing1, #thing2, #thing3 { background-image: url("stuff.jpg")}*

Total _____/50
